

INSTRUCTIONS :)

4, 6, 9 / those 3 tape recorders play non-looped cassettes. at the end of each day, press stop on each recorder, flip the cassette to its other face, reload and press play. the flipped cassettes will automatically play the day after. **please be extra careful** not to accidentally change the volume knobs or disconnect the power cable when manipulating them. **9** is particularly tricky when it comes to taking out the cassette from the broken door : the trick is to open it wide.

IN CASE OF MALFUNCTION :(

1, 2, 8 / disconnect the corresponding power unit and text me !

3, 7 / unplug from wall socket, press play on both players, replug cord. if players still stop automatically, text me !

4, 6, 9 / double check that you loaded the right face of the cassette

5 / mister walkman is unfortunately out of use already due to fatigue !
